

# POSTERS PROGRAMME ICE 2008

Daily: Monday to Friday 12h30 to 14h00 Hall 3ABC Presenters at Posters

Presenting Author

## SECTION 10 Reproduction & Development

CONVENORS: Lynn Riddiford (USA) and Klaus Hoffmann (Germany)

Symposium Reference No.	10.01	From embryo to metamorphosis: genes of insect development	
Abstract No.	2252	<b>Title</b> Programmed cell death in intestinal cells of <i>Bombyx mori</i> during the metamorphosis: morphological observation of autophagy and apoptosis and expression of the ecdysone-regulated genes <b>Authors</b> Zhi-Jun Huang Qing-Rong Li Yan-Xia Shi	Yang Cao
Symposium Reference No.	10.06	Evolution and development of integrated phenotypes	
Abstract No.	1156	<b>Title</b> Fat body influence in the dynamics of the sunn pest ( <i>Eurygaster integriceps</i> Put.) populations in Romania <b>Authors</b> Popov Constantin Cana Lidia Raranciuc Steluta	Popov Constantin
Abstract No.	1829	<b>Title</b> Ovary structure and development in <i>Stomaphis quercus</i> (Hemiptera, Aphidinea: Lachnidae) <b>Authors</b> Teresa Szklarzewicz Grazyna Pyka-Fosciak	Teresa Szklarzewicz
Abstract No.	1932	<b>Title</b> Ovary structure and oogenesis in <i>Dermaptera</i> – New evidence for relationship within an order <b>Authors</b> Szczepan M. Bilinski Fabian Haas Waclaw Tworzydlo	Szczepan M. Bilinski
Abstract No.	1936	<b>Title</b> Structure and functioning of the ovarian follicles in forficuloid dermapterans <b>Authors</b> Szczepan M. Bilinski Waclaw Tworzydlo	Szczepan M. Bilinski
Abstract No.	1939	<b>Title</b> Patterning of the follicular epithelium in the ovaries of horse flies (Diptera, Tabanidae) <b>Authors</b> Szczepan M. Bilinski Mariusz Jaglarz	Szczepan M. Bilinski
Abstract No.	3110	<b>Title</b> Molecular mechanisms of proximodistal patterning during leg regeneration in the cricket, <i>Gryllus bimaculatus</i> <b>Authors</b> Taro Nakamura Taro Mito Tetsuya Bando	Taro Nakamura
Symposium Reference No.	10.07	Developmental strategies in parasitoids	
Abstract No.	1248	<b>Title</b> The influence of temperature and aphid host at development time and parasitoid size of <i>Aphidius colemani</i> Viereck and <i>Aphidius transcaspicus</i> Telenga (Hymenoptera: Aphidiidae) <b>Authors</b> Nikolaos Garantonakis Dionyssios Lykouressis Dionyssios Perdikis	Nikolaos Garantonakis
Symposium Reference No.	10.9	Other	
Abstract No.	275	<b>Title</b> Calcium regulated fusion of yolk granules is important for yolk degradation during early embryogenesis of insects <b>Authors</b> Isabela Ramos Kildare Miranda Wanderley de Souza	Kildare Miranda
Abstract No.	505	<b>Title</b> Regressive evolution: ontogenetic study on wing reduction in the bagworm moths (Lepidoptera, Psychidae) <b>Authors</b> Shuhei Niitsu	Shuhei Niitsu
Abstract No.	621	<b>Title</b> Calreticulin expression and endoplasmic reticulum organization during ovulation and early embryogenesis of <i>Rhodnius prolixus</i> <b>Authors</b> Isabela Ramos Claudia Campos Marcos Sorgine	Isabela Ramos
Abstract No.	871	<b>Title</b> The simultaneous measurement of juvenile hormones and ecdysteroids in the haemolymph of crickets <i>Gryllus bimaculatus</i> (Ensifera: Gryllidae) by liquid chromatography-mass spectrometry (LC-MS) <b>Authors</b> Klaus H. Hoffmann Stephanie Westerlund	Klaus H. Hoffmann
Abstract No.	948	<b>Title</b> Biology and distribution of <i>Reduvius personatus</i> in two worlds <b>Authors</b> M. Javahery	M. Javahery
Abstract No.	1064	<b>Title</b> Description of the immature stages of <i>Monomorium floricola</i> (Jerdon, 1851) (Hymenoptera: Formicidae) <b>Authors</b> Daniel Solis Luciane Kato Eduardo Fox	Daniel Solis
Abstract No.	1108	<b>Title</b> Effect of Gamma Radiation on the Histology of the testis of red date palm weevils: <i>Rhynchophorus ferrugineus</i> (Olivier) (Coleoptera: Curculionidae) <b>Authors</b> Waleed Al-Waneen Mohammed Al-Kalifah Hassan Al-Ayedh	Waleed Al-Waneen
Abstract No.	1226	<b>Title</b> Age and reproduction in the parental burying beetle, <i>Nicrophorus orbicollis</i> <b>Authors</b> Stephen Trumbo	Stephen Trumbo
Abstract No.	1436	<b>Title</b> Phenotypic characterization of races from native genetical stock of the silkworm <i>Bombyx mori</i> L. <b>Authors</b> Matei Alexandra Androne Magda Popescu Agatha	Matei Alexandra
Abstract No.	1442	<b>Title</b> Developing a laboratory rearing technique for the litchi moth, <i>Cryptophlebia peltastica</i> (Lepidoptera: Tortricidae) <b>Authors</b> Willem. P Steyn Pieter. S Schoeman	Willem. P Steyn

Daily: Monday to Friday 12h30 to 14h00 Hall 3ABC Presenters at Posters			Presenting Author
Abstract No. 1524	Title	<b>Differentiation of follicular cells in panoistic ovarioles of <i>Gryllus bimaculatus</i> (Insecta: Orthoptera)</b>	Janusz Kubrakiewicz
	Authors	Janusz Kubrakiewicz	
Abstract No. 1657	Title	<b>Expression and localization of cadherins in the honey bees (<i>Apis mellifera</i> L.) ovary</b>	Mônica Florecki
	Authors	Mônica Florecki Klaus Hartfelder	
Abstract No. 1990	Title	<b>Males inhibit female remating using substances from accessory gland in the seed bug <i>Togo hemipterus</i> (Heteroptera: Lygaeidae)</b>	Chihiro Himuro
	Authors	Chihiro Himuro Kenji Fujisaki	
Abstract No. 2227	Title	<b>Effects of saline intake until the second mating on the spermatophore mass and sperm number in male swallowtail butterfly, <i>Papilio xuthus</i></b>	Sunao Niihara
	Authors	Sunao Niihara Mamoru Watanabe	
Abstract No. 3074	Title	<b>Life table and age-dependant reproduction of <i>Chrysoperla carnea</i> on eggs of <i>Ephestia kuehniella</i> and <i>Helicoverpa armigera</i> under laboratory conditions</b>	Jafar Mohaghegh
	Authors	Mehdi Hassanpour Gadir Nouri-Ganbalani Jafar Mohaghegh	
Abstract No. 3230	Title	<b>Changes in integument structure during the imaginal molt of the honeybee, <i>Apis mellifera</i></b>	Marcia Bitondi
	Authors	Moyses Elias-Neto Michelle Soares Marcia Bitondi	
Abstract No. 3232	Title	<b>Analysis of testes in the production of ecdysteroids in <i>Lepidoptera</i> (<i>Spodoptera littoralis</i>)</b>	Guy Smagghe
	Authors	Masatoshi Iga Tim Vleugels Guy Smagghe	
Abstract No. 3468	Title	<b>Biology of <i>Allobaccha sapphirina</i> (Wiedemann)(Diptera: Syrphidae) with feeding on <i>Diaphorina citri</i> in Baluchestan</b>	Nia B. Motamedi
	Authors	Nia B. Motamedi	

28 June 2008
