

POSTERS PROGRAMME ICE 2008

Daily: Monday to Friday 12h30 to 14h00 Hall 3ABC Presenters at Posters

Presenting Author

SECTION 18 Special Issues

CONVENORS: Vivienne Uys (RSA)

Symposium Reference No.	18.01	Insects and society	
Abstract No.	876	Title Insects in southern African rock art Authors Jeremy Hollmann Mike Mostovski	Mike Mostovski
Abstract No.	992	Title Does insecticide application in oilseed rape affect root fly damage of radish? Authors Nur Ahmed Inger Åhman Mats Lieberg	Nur Ahmed
Abstract No.	1424	Title Integrated production and durable management of a reproduction sericultural family farm Authors Matei Alexandra Popescu Agatha Sladescu Viorica	Matei Alexandra
Abstract No.	1847	Title Culturally Significant Insects in Blouberg, Limpopo Province, South Africa Authors Bronwyn Egan Rob Toms Piet Olivier	Abe Addo-Bediako
Abstract No.	2035	Title Bringing biological control to the heartland: A South Dakota PPQ 526 story Authors Kelley Tilmon	Kelley Tilmon
Symposium Reference No.	18.03	What are ecology's contributions to biological control and vice versa?	
Abstract No.	1116	Title The contribution of biological control to management of an invasive weed, Acacia cyclops, in South Africa Authors Fiona Impson Carien Kleinjan John Hoffmann	Fiona Impson
Symposium Reference No.	18.04	Biology of the Chrysomelidae (Coleoptera)	
Abstract No.	999	Title Leaf beetle fauna of the Mecsek Hills (southern Hungary) (Coleoptera: Chrysomelidae) Authors Károly Vig	Károly Vig
Abstract No.	3446	Title Some aspects of the preliminary biology of Leptinotarsa lacerata Stål (Coleoptera: Chrysomelidae) Authors Jose Manuel Pineda-Uriostegui Armando Burgos-Solorio	Armando Burgos-Solorio
Symposium Reference No.	18.05	The true bugs (Heteroptera) with emphasis on the Afrotropical fauna	
Abstract No.	914	Title Preliminary data about Fulvius phylogeny (Heteroptera: Miridae: Cylapinae) Authors Izabella Sadowska-Woda Frederic Cherot Jacek Gorczyca	Frederic Cherot
Abstract No.	1532	Title Synopsis of the genus Chloropepla Stål with a phylogenetic analysis of the species (Hemiptera: Heteroptera: Pentatomidae) Authors Jocelia Grazia Caroline Greve Cristiano Schwertner	Caroline Greve
Abstract No.	2182	Title How persistent are the dorsal abdominal scent glands in the Heteroptera adults? Authors Jitka Vilimova Katka Kutalova	Jitka Vilimova
Symposium Reference No.	18.07	Education and training in rearing insects for private and public ventures	
Abstract No.	560	Title An alternative larval diet for olive fruit fly, Bactrocera oleae (Diptera: Tephritidae) Authors Hanife Genc James L. Nation	Hanife Genc
Abstract No.	1526	Title Artificial diet with tomato juice for larvae of Bactrocera oleae (Diptera: Tephritidae) Authors Emmanouel Navrozidis Minos Tzanakakis	Emmanouel Navrozidis
Symposium Reference No.	18.9	Other	
Abstract No.	1935	Title Tropical fly in European soup: Sphyracefala europae Authors Tamás Vásárhelyi	Tamás Vásárhelyi
Abstract No.	2179	Title How sensitive are insects compared to other aquatic organisms for the presence of cyanobacterial biotoxins in drinking water? Authors Paul Johan Oberholster Bongiwe LS Mthethwa M Callies Selala	Paul Johan Oberholster
Abstract No.	3321	Title Maximizing student learning through active learning in entomology: service learning, case studies, and wikis Authors Linda Hooper-Bui Albert Lee Rachel Strecker	Linda Hooper-Bui

28 June 2008
